B a n g a l o r e.

Sir,

With reference to correspondence ending with your No. 80/ Ml. 191-12 dated 4th July 1913 requesting the Municipal Council to make a separate representation supported by argument in the matter of relieving the Mysore City Municipal Council of the charges payable to Her Highness the Maharani's Hospital in Mysore, I have the honour to state as follows:-

(1). That from a comparison of the figures for the last 5 years as regards the No. of patients treated in the Bangalore maternity Hospital and Her Highness the Maharanis Hospital in Mysore as per statement enclosed; it will be seen that the No. in Mysore is only very slightly less than the No. in Bangalore and that the Mysore Hospital being at the seat of

the Capital is also one of equally provincial importance as the maternity in Bangalore.

(2). That the Municipality has to provide for heavy increased expenditure on account of primary education owing to the expansion of the City, and the early introduction of compulsory education recently sanctioned by Government.

(3). That the Municipality has to provide for additional expenditure on account of existing roads and other public works in the City as most of the road &c., repairs could not be under--taken till now for want of funds. Several works which ought to have been done have not been undertaken and they have to be taken up now.

(4). That the Municipality has to meet the cost of main-otenance of new roads and other improvements which are being carri--ed out by the Improvement Trust Board year by year.

(5). That the Municipality will have to meet special expenditure on various other items such as those incurred - during the visits of distinguished guests to the City on account of its being the Capital of the State.

(6). And that this Municipality has almost immediately to meet heavy additional expenditure on account of the maintenance of the Sanitary works, the expenditure on these items is increas--ing progressively year to year owing to the completion of such works in each drainage area and the gradual expansion of the - City.

(7). The Bangalore City Municipality does not contribute anything towards the maternity and this Council may also be - exempted from this contribution.

For the foregoing reasons I request that you will be so good as to obtain the orders of Government for relieving this Municipality of the above charges.

The resolution of the Municipal Council which met on the 3rd April 1914 on the subject is herewith forwarded for kind perusal.

I have the honour to be,

Sir,

Your most obedient servant,

L Lakshmana Rao

President.
